Trilbii AI

Dental practices have a capacity problem.

Too much business critical work. Not enough people or time to do it.

Trilbii is the AI operating layer that does the work around dentistry.

Founded by Carolyn S Dean and Anthony Middlemiss.
20+ years each in healthcare.

PROOF

6 weeks in

27 demos

18 proposals

4 paying practices

$24k ARR

4,000+ practices via Centaur Software. API agreement signed.

3,100+ dental contacts in our own database.

GROWTH ENGINE

$24k to $1m+ on dental alone

TODAY	EARLY 2027	MID 2027
$24k ARR	**$100k** ARR	**$1m** ARR
4 practices	~18 practices	~100 practices

HOW WE GET THERE

Direct → **Dental groups** → **Partners/resellers**

Then: veterinary, optometry, allied health, medical
Same platform. Same regulations.

THE RAISE

$700k SAFE

$145k committed $555k remaining
20% discount $50k minimum
